Karen Correale - Resource Development Specialist for Clay County Habitat for Humanity

Wednesday, March 27, 2024

Our speaker this morning was Karen Correale, Resource Development Specialist for Clay County Habitat for Humanity. We learned that the Habitat for Humanity homes are not free to the recipients. Each family that receives a home puts in 300-500 hours of sweat equity, in addition to special training and helping in the community. There are many different ways to support their organization from financial or in kind donations, to hands on volunteering in the store or at one of the homes.
